Attached is an addendum to the National listing of seriously deficient institutions as of December 9, 1999, that have been denied participation or terminated from the CACFP in accordance with Section 226.6(c) of the CACFP regulations. Since the listing of seriously deficient institutions is voluminous, our National Office is providing this addendum which incorporates information provided by your offices since the issuance of CACFP-582, July 2, 1999. Also noted are the institutions for removal from the National listing.

We are requesting that you review the list and advise us of any corrections or of any new additions which need to be included. We would appreciate receiving this information within 15 days of receipt of this memorandum.

This information is provided as a tool to enhance Program integrity. Therefore, as a matter of routine, keep us informed on an ongoing basis of any individuals and/or institutions in your State which are denied participation or terminated from the CACFP due to being determined seriously deficient.
